Committee on Equal Opportunities
April 15, 2002

Partnership Agreement Status: Campus Environment Teams

At its February 11 meeting, the Committee on Equal Opportunities requested a status report on the membership and activities of the universities' Campus Environment Teams. The CET's are a very important component of the Partnership Agreement between the Commonwealth and the U.S. Department of Education's Office for Civil Rights. The agreement (Commitment A.3.h.) asks each institution to establish a CET to address campus and community issues with the goal of enhancing the campus climate to improve the experiences of African American students, faculty, professional staff, and administrators.

Each university submitted reports in response to the request. Some reports provided minimal information while others offered a thorough overview. University representatives will be available to answer questions.
